Prepaid airtime is non-refundable A 2.75% FCC Regulatory Fee is applied to all airtime purchases.

* 750 prepaid voucher cannot be recharged or extended & is for initial activation only. After use of a 750 prepaid voucher a SIM card can only be loaded with a Standard prepaid airtime voucher but any previous unused minutes at the time of voucher upload will be forfeited.

** Extends the expiration date for 30 days without adding minutes to the SIM card. Multiple extensions may be purchased at one time. For example: the purchase of six (6) 30 day extensions will extend the expiration date 180 days.

♦ Africa Plan - Valid only for calls originating in Africa to anywhere.

♦♦ Northern Lights Plan - Valid only for calls originating in Alaska or Canada to Alaska, Canada or the Continental US. Calls to any other worldwide location from Alaska or Canada are billed at \$1.75 per minute. There is a \$50.00 activation fee for this plan.

Prepaid airtime is quick and easy, requires no credit check and can be recharged at any time. You will be notified at the email address above when 75% of the airtime you purchased has been used. At that time you can contact GMPCS to "top up" your SIM card with additional airtime, or by initialing below GMPCS will automatically add additional airtime (equal to the amount of your initial purchase) to your SIM, charging the above referenced credit card. Please note that Prepaid airtime is non-refundable. From your Iridium phone dial or SMS the short code 2888 to review your minute balance or dial 8324 to contact GMPCS to add minutes.

All SIM cards are sent active. If you have asked us not to upload a Prepaid voucher at the time of activation, you must add Prepaid airtime to your SIM within 90 days or your SIM card will automatically deactivate. It is also very important to note that at the end of the period of validity (from the table above) any unused airtime minutes will be lost and cannot be reclaimed. Additionally, if additional Prepaid minutes are not added within 90 days of expiration of the validity period, the SIM card will deactivate. If you have any questions about these two situations, please contact GMPCS Customer Care at +1-954-973-3100 and speak with a customer care representative to discuss your options.
