

## **ACE Case™**

*Anytime Communications  
for Emergencies*

### **Satellite Communications Delivered, Loud-and-Clear, Globally and On-the-Go**

The GMPCS Anytime Communications for Emergencies Case or ACE Case™ is a quick deployable satellite phone solution. The plush bag holds everything you need to communicate remotely and efficiently. Providing basic voice service via Inmarsat's satellite network and new "IsatPhone" service, GMPCS bundles the satphone, docker, mobile antenna and airtime service – for true one-stop-shopping. The ACE Case allows for satellite phone calls whether outside your vehicle, stopped on site or even on-the-move.

# IsatPhone Pro ACE Case™

## ACE Case™ The ultimate combination:

The ACE Case™ works globally on the Inmarsat Network. These cases come with a BEAM Dockers for an all in one design featuring single action insertion mechanism, key lockable & securable to vehicle, wall or desk, accessible control buttons, slimline privacy handset, integrated antenna connections, inbuilt speaker/microphone and cable routing LHS/TOP/BOTTOM. The ACE Case™ uses a Magnetic Mount Antenna or Bolt Mount and is very easy to install or move from asset to asset.

## Packages Include
